

Two-Year-Old Boy Killed When Kicked by Horse

P. B. Hedemark Home, West of Blackfalds, Scene of Fatal Accident; Funeral Services Held On Sunday

BLACKFALDS.—Nelson Hedemark, two and one-half-year-old son of P. B. Hedemark, was instantly killed Thursday last week when kicked in the head by a horse on his father's farm, three miles directly west of Blackfalds. His father, Bernard, had been milking all day and, in the evening, had gone up in the hay loft to throw down some feed for the horses, after warning Nelson, who was accompanied by his four-year-old brother, John, to remain away. Nelson and John marched down to the corral after their father disappeared in the loft and clambered through the fence. No one actually saw the fatal accident, but it is believed that one of the horses just entering the enclosure, kicked the young lad in the head, which instantly fractured his skull and broke his neck. A second flying hoof narrowly missed John.

Mr. Hedemark heard cries from John, the older son, and came down to find the lifeless body of Nelson.

The unfortunate accident has brought sympathy to the parents of the deceased child from residents of the entire district. Mr. and Mrs. Hedemark, well-known farmers in the community, have been married for only five years, and have the one son, John, surviving.

Short rites were held at the Hedemark home Sunday afternoon, after which funeral services were held in the Anglican church in Red Deer. Rev. Walter Cripps officiating. Interment was made at the Red Deer cemetery.

St. Patrick's Dance Will Be Successful Event

The enthusiasm which the ladies of the Lacombe and District Hospital Aid are showing in the big St. Patrick's dance which they are sponsoring on Thursday night, March 17, in the Central Alberta Pavilion, cannot help but spell success with a capital "S." Up to the last detail, arrangements are being rapidly taken care of, and the event promises to be one of the banner attractions of the year.

The augmented band orchestra, under the direction of Bob Paulsen, who is importing several musicians from Edmonton for the occasion, definitely shows that the music will be "top-notch."

It will be a night of continuous frivolity, with no tedious waiting for those who wish to enter the dancing in charge have arranged a novelty program to take place during the regular supper intermission, featuring acts of "Irish" musical numbers, Irish jigs and a little company singing of popular Irish melodies, giving it a touch of the Emerald Isle throughout.

In the event of it turning cold, arrangements have been made to furnish hot water whenever required for those who wish to enter their cars. That the "cats" will be above the average is a foregone conclusion, as the ladies of the organization are cooking up after the catering themselves.

Billed as the "Night of Nights," it gives promise of being just that. And, bejays, if you miss it, you'll be sorry.

Bentley Bean Supper Proceeds Total \$11

(From Our Own Correspondent)

BENTLEY.—The C.G.I.T. and Tuxis Groups of the Bentley United Church held a very successful bean supper in the club rooms Friday evening. The girls dressed in their regulation blouses and skirts, were very capable waitresses, while the boys ably performed the more menial task of dish-washing.

The proceeds amounted to \$11. Much credit is due to Mrs. G. A. Wright and to Rev. C. A. Warren as leaders of the groups for the success of the affair.

Only Two Votes Divide Candidates In M.D. Lamerton

Two elections were held in the Municipal District of Lamerton on Friday last. In Division 1, James Docherty of Alton defeated George Wheeler of Mirror by a majority of 32 votes. The elected councillor obtained 76 votes to Wheeler's 44. S. S. Roberts acted as Deputy Returning Officer.

In Division 4, only two votes separated the two candidates when J. H. Reynolds of Olive received 87 votes, with I. V. Carter, retiring councillor, receiving 85 votes. Two ballots were taken and the result was thought probable. T. A. Brereton of Olive acted as Deputy Returning Officer.

A. J. H. Roland of Alton was Chief Returning Officer for the elections.

Appointment of John Harold (above) of Paris, Ont., to the chairmanship of the Workmen's Compensation Board has been announced by Premier H. H. Brown. Harold, a former M.P., succeeds the late Geo. Wilkie. He is severing all other business connections and will devote his full time to the job.

An American citizen since 1919, John McCormack (above) the burly Irish singer, is being honored by friends for presidency of Elre, the former Irish Free State, against a Czechoslovakian count and a veteran judge. McCormack, who sang his farewell to American audiences in 1937.

Dr. Henry Gives Interesting Talk At Men's Club

Dr. W. A. Henry of Bentley was the speaker at a well attended and enthusiastic meeting of the Lacombe Men's Club on Friday evening in the L.O.O.F. Hall. In the absence of the President, Stewart Fraser, Art Coltrane, Vice-President, acted as chairman of the meeting. Previous to the address, H. J. Ford led the members in a rousing song, which was marked by the debut of a new pianist, L. P. Miller, who accompanied the singing in fine style.

It was reported that the executive committee would study the question of giving aid to the new hospital and bring in a recommendation at the next meeting of the club.

Dr. E. S. Sharpe then introduced Dr. Henry as the speaker of the evening.

Giving a brief outline of conditions which existed in the first hospital, Dr. Henry traced the improvements in sanitation, sterilization and general practice which have marked the progress of hospitalization through the years since the time of Florence Nightingale, "the Lady of the Lamp." He explained the discoveries of the famous Pasteur and others who pioneered in research work, and described some of the present-day benefits of those

Over 600 Horses to be Sold At Horse Sale March 15-16

To Cater to Visitors; No Half-Holiday to be Observed by Stores on March 16; Record Entry of Horses May Be Passed

It is expected that over 600 horses will be sold in the auction ring at the Lacombe Farmers' Horse Sale to be held at the Central Alberta Pavilion on March 15 and 16. Close to this number are now entered, with entries still pouring in, and it is expected that the previous "high" of 550 horses sold in 1931 will be eclipsed. A total of 540 horses were sold at last year's sale. All the horses entered are good stock, according to J. Fraser, secretary of the Sale, and will be well fitted for the sale.

No Half-Holiday
The by-law enforcing the Wednesday half-holiday is to be suspended on Wednesday, March 16, and all stores in the Town of Lacombe will be open all day to provide shopping facilities for the many visitors expected at this event. A petition from the Board of Trade has been received by Mayor E. H. Jones, regarding the waiving of this by-law for that date, and the petition has been granted.

Enquiries have been received from buyers all over the continent, from as far south as Calgary, from Vancouver and from Montreal and the eastern States. The horses entered for sale are mostly from the Lacombe district, although entries have been received from all parts of Alberta, Saskatchewan and British Columbia. Two or three carloads of horses are to be shipped here for the sale from the Peace River district.

Market is Steady
While the prices this year on the eastern market are below those of last year, the market is steady, and it is expected that fair prices will be realized.

New Councillor
Elected in M.D. Fertile Valley

W. H. Sheppard was elected by acclamation as councillor in the Municipal District of Fertile Valley to fill the vacancy left through the resignation of A. Sweet in Division 2. In Division 3, E. W. Tiltgen, the retiring councillor, was re-elected to office by a majority of 32 votes over J. D. Stewart. C. D. McLeod acted as Deputy Returning Officer.

Marcus Cranall defeated J. Leidenius, the retiring councillor, in Division 6. Cranall received 67 votes to 38 received for Leidenius. L. Cook acted as Deputy Returning Officer. Mr. Cranall is a former councillor, having held office from the formation of the municipality up until 1927. G. N. Field acted as Chief Returning Officer for the election.

C.G.I.T. Concert
In St. Andrew's Church Draws Crowd

Sponsored by the three C.G.I.T. groups, a well attended concert was given at St. Andrew's Church on Friday evening, Feb. 25th, with Rev. A. L. Carr acting as chairman. Junior and Intermediate groups opened the program with a Camp Fire chorus and this was followed by a musical dialogue by Dorothy Sandeen and Winona Saunders, the featured artists.

Jessie Mann, a vocal duet by Irene Carr and Margaret Watt, a piano solo by Margaret Finlayson and Negro Chorus by the Senior group.

An amusing play, "Martha Made Over," directed by Mrs. T. Meney-Lewis, was then put on, the cast composed of Beanie Biglands, Clara Saunders, Winona Saunders, Evelyn Rencher, Alice Fields, Eleanor Trout, Betty DeLong, Betty Gilmore, Jean Williams, Mary Moore, Nettie Sage, Mary Layton and Doris Bradley.

Should Apply Immediately
Those persons who desire to take part in this performance are asked to get in touch with Len Johnson, A.I.S., immediately.

Stan Inglis and His Men of Note will also be in attendance. The performance will be open to the public of Central Alberta, but only the 20 best performers will appear on the stage before the eye of the "Inspector," so all are advised to practice their parts, whatever they may be, as someone may be paying a way for a career.

A public address system will be used in the building.

Olds School of Agriculture Sponsors Two Interesting Days

Before the close of the term, the Olds School of Agriculture is sponsoring two interesting days at Olds, one called the "Little Royal" on Saturday, Mar. 12, and the other "Achievement Day," on Saturday, Mar. 26.

The graduating class in agriculture are required to fill and train an animal for exhibition. At the "Little Royal" they show their charges. There will be classes for horses, cattle, sheep and hogs and the boys will be awarded prizes on the work in fitting and training their respective animals. Dr. Sinclair of the University of Alberta will act as judge.

"Achievement Day" will exhibit the results of some of the practical classes, the home work, work and blacksmithing, while the girls display their accomplishments in sewing, upholstery, fancy work, manual training, etc. Each day the program will start at 1:30 p.m. and the public is invited to attend.

MAIN SOURCE OF INCOME
OTTAWA.—For the world as a whole, milk is probably the main source of farming income. In the United Kingdom, states the Imperial Economic Committee, its value exceeds that of any other farm commodity; in the U.S. and even in Canada, in certain years, the value of the wheat crop is less than that of dairy production.

MEETING OF GROUP 3
Group 3 of the United Church will meet at the home of Mrs. Scott on Tuesday afternoon, Mar. 8, at 3:30 p.m.

New Securities Tax To Be Applied on all Mortgages

By T. B. WINDROSS

EDMONTON.—With the budget which went under way in the Alberta Legislature and the session more than half over, there still was no hint of what legislation, if any, would be introduced to bring about reduction of farm debt and interest, particularly in mortgages.

There was an announcement of a new securities tax which would apply to mortgages—a tax of two per cent on the principal, with the mortgage-holder, or other security-owner, held liable for it. The tax was estimated to yield \$100,000 annually to the government, taken from the pockets of large or small investors, because the owners of the mortgages would simply have not got the money.

It was expected, however, that mortgage holders who in the past have reduced their interest rates voluntarily—and many have—knocked two per cent or more off the contractual rate—will be forced to ask for the full interest rate again in order to meet the new tax, or will be forced to ask the property owner who has been allowed postponement of interest payments to pay up at least enough of the interest to meet the new tax.

It is said that there have been wrangles in the Social Credit caucus on the subject of debt reduction, and various schemes have been introduced, but they have been discarded one by one, and it is declared in informed circles that the government has no sound plan in mind now which it is willing to attempt. Instead, the moratorium is to be extended, to postpone the day of reckoning.

More than a year ago the Mortgage Loans Association of the province of Alberta, an organization of large mortgage holders, realizing the serious plight confronting many farmers, offered a solution to the Government and asked for the Government's co-operation. The Government made no reply whatever to the suggestion, and so last April the association tried again to arrange a conference. The Government still ignored the plea to arrange a conference on the suggested basis of a solution to the debt problem. The only answer so far has been an acknowledgment of receipt of the letter by the government.

The Western Globe Stands for:

1. The advancement of Lacombe and district in agricultural, industrial and community life.
2. True democratic government in Alberta.
3. Reduction of taxes and the public debt through the medium of safe, sane reform.
4. The abolition of direct relief through the protection of public works.
5. Better roads for Alberta.

THURSDAY, MARCH 3, 1938

What Next?

It is exceedingly difficult, if at all possible, to reconcile past speeches of members of the present Alberta Government of "the people's saviors," with the contents of the budget introduced last week in the Provincial Legislature. In the first place the budget calls for a deficit of \$1,500,000 for the current year; \$100,000 is allocated for the upkeep of the Social Credit Board; \$6,000 is to be spent by the people to "keep" L. D. Byrne, Social Credit "expert," and \$11,000 or \$12,000 goes to legislators as a 10 per cent increase in their sessional indemnities; and yet, of the \$6,000,000 savings certificates, only \$700,000 is allotted for their payment. What a paradox, when we consider that the highest expenditure ever budgeted for, \$22,184,084, is planned this year.

Ever since the present Government was elected to power, the business men of this province have demanded, asked, begged and hoped for the inception of a sane, business-like budget and the scrapping of these social credit theories. It appears that the social credit theories have been discarded, but what madness is here when we see a Government, budgeting for a deficit, advocate an increase of sessional indemnities, and allocate \$100,000 for the upkeep of a "Social Credit Board," whose duties are all-powerful but at the same time incomprehensible.

Former governments have been accused of "spending money like drunken sailors," but surely in all the days of this fair province a more paradoxical, saint-like-in-talk-but-not-in-actions Government never held office in this Province.

Where is Premier Aberhart going to end? Why should the legislators of the Government blithely vote themselves more money when they face a deficit of over one million and a half? Why should the Social Credit Board be so securely financed by their own actions, turn the country into a propaganda machine? Where is the money to come from to cover the budgeted deficit?

Truly, "whom the Gods destroy, they first make mad."

It Must Pay Its Way

CANADA is again to be served with a daily air mail service, according to a recent announcement made in the House of Commons by Hon. C. D. Howe, Minister of Transport. The service will become a reality early in March, the minister reported. No passengers will be carried in the inaugural flights. By this service, Canadians will once more have the privilege of sending mail by air. The service will stretch from coast to coast, and planes will make the trip daily to comply with the demand for speed.

Once before Western Canada had at its command air mail service. For the first month or two of this now discontinued utility the planes were loaded to capacity with air mail. The service, however, proved to be but a fly-by-night success and was discontinued only after the Dominion Government had lost millions in its upkeep.

Just as private enterprise exists only through the profit which that enterprise shows, so it should be with this government project. If the air mail service can operate on a sound and profitable basis, its inauguration will prove to be a great asset to the people of Canada. Should, however, this service follow in the steps of its predecessor and show deficits amounting to enormous sums, the utility becomes a liability and a mill stone around the taxpayers' necks.

If the public desire air mail service, it is up to them to support it, and if the project is not supported, it is the government's duty to discontinue a service which, successful, would be a boon, but unsuccessful, would mean an even greater burden on the taxpayers.

War Brought Closer Home

THE appearance of Chinese planes over Japanese territory is bringing to the citizens of the rising sun the true meaning of war. It is an entirely different proposition speaking of a war that is a thousand miles away and having that hell appear overhead. The moral victory scored by the Chinese aviators is perhaps the greatest blow struck by either side since the start of the undeclared war.

It has been reported on numerous occasions that the citizens of Japan are not, nor have they ever been, in favor of this war of penetration. Having bombs dropped on their very heads is unlikely to change their viewpoint towards the conflict. Meagre reports from Tokyo tell a tale of trouble brewing. The Emperor and his cabinet are not progressing favorably in their demands with the Japanese diet. Fear is held in many quarters of a repetition of the army uprising which took place in February, 1906. The economic position of the country, never strong at any time, has not been improved with the constant drain of keeping a large army in the field.

Altogether events are coming to a head in the

Through the Eyes of a Country Woman

By BRIDGET

While I was listening to a broadcast last week, I heard the following epigram, during the course of a play: "There is something everlasting in beauty." What the broadcast was about I do not even remember, but the phrase stuck in my mind, and I felt that it was a profound truth that this character had been made to utter. Whenever you turn this phrase it is true—beauty is everlasting, or there is something everlasting in beauty. I cannot subscribe to the cynicism of Shakespeare in "Julius Caesar," when he makes Marc Antony say, "The evil that men do lives after them, the good is oft interred with their bones." Surely we remember the beautiful things in a person's life. Don't we recall with delight the beauty of Queen Victoria's love-story to the extinction of some of her not so beautiful characteristics? The memory of those whose lives have been "things of beauty" will remain with us forever. God gave us beauty to enjoy. Actual beauty of face and form, such as Helen of Troy possessed, and other beauties, is not exactly what I have in mind when I think of beauty as everlasting. However, empires have fallen and the history of the world has been changed through the influence of some woman endowed with unusual beauty and charm.

Haven't you ever had the experience of a moment of beauty that will live with you forever? A glorious day, either glistering with myriads of scintillating ropes of frost, shining diamond-wise in the hard, bright light of a winter's sun; or, a bright blue day of summer, with little puffs of feathered clouds, only enhancing the brilliant summer blue. Isn't there such a day somewhere in your memory, which you will not forget—a thing of perfect beauty?

Let us look for a minute at beauty in the present day world of art. For instance, the variety sponsored by the Epstein school of thought. Epstein, not so long ago, created a masterpiece in stone, with distorted feet and hands, out of all proportion, and had the temerity to call it "Christ." Will this hideous abomination live? I doubt it. Let us turn to the beauty of some of the sculptors of mediaeval times. Think of the statue of the Venus de Milo, which has lived through hundreds of years, with arms gone and not battered, yet a thing of beauty, everlasting in its appeal.

What about some of the present day pictures, for instance, of the "surrealist" school, which look like nightmares on canvas, and then take a glance at the beauty of some of the "old masters," and which do you think will remain with you? Personally I try to forget as soon as possible these obscene things masquerading under the name of "art," and then I turn my mind to anything of real beauty, whether made by hand or machine.

Think for a moment of the Taj Mahal, built in the first half of the 17th century. "Beauty as the poets had visioned it, their almost dreams made manifest in plastic stone." The pilgrimage to this shrine of beauty has gone on uninterrupted during the few hundred years it has stood. Built as a shrine for beauty, by an Indian Prince, to commemorate his wife, and to be the resting-place of her beautiful body in death. To be worthy of her, he called in craftsmen from all over the then-known world, so that it should be perfect. And so it stands today, near the old town of Agra, above the Jumna, the acme of perfection to which thousands journey year after year, to pay tributes.

Many lives have been lost in the striving to obtain objects of beauty. Many world famous jewels have had hectic careers through the ages. Some may be lost to human ken for years, and then turn up in some jealously guarded collection, their beauty having been glorified over for years by a select few. Some of these jewels have sinister histories, for instance, the "Hope Diamond"—it has left a trail of death and misery wherever it has gone, and yet who would not delight to own this glorious gem? It is now in the hands of an American woman.

There is an old proverb which people delight to bring forth acent beauty, that "Beauty is only skin-deep." Of course I realize that this is discussing a different angle of beauty—human beauty. But, have you ever stopped to consider that when the name of Marie Antoinette, for instance, is mentioned, you do not think of her extravagances, or her many glaring faults, but the pathetic picture of a beautiful woman mounting the guillotine comes to our mind, thereby making a martyr out of someone who at least contributed, quite definitely, to the causes leading up to the French Revolution. In the same way do we remember the nobility of the late Gagarin of Russia, or the weakness of the "Czar." Our memories are more of a beautiful woman and her four beautiful daughters, of the beauty of the blind devotion that the Czar gave to his wife, obscuring his perception of the trend of events going steadily forward under his very nose.

In farm communities it is often found that those most influential in the life of the district are not, of necessity, the best fixed, or the best educated, but those who live beautiful and useful lives, who have the art of giving out beauty to all around in the form of sympathy and understanding.

Beauty lives forever and is everlasting. Happy are those who can keep their lives bright with the beauty of glorious moments.

Toronto Star: Left Ericson's claim to the discovery of America will never be accepted by the public unless Norway produces the original picture post-card he sent home.

Pacific Island Empire, and Japan will likely rue the day it entered upon this war with a Chinese people who show no sign of folding under constant attacks.

Alberta Budgeting For Deficit of \$1,500,000

By I. R. WINDROSS

EDMONTON. — A deficit of \$1,500,000 to be added to the 1937-38 shortage of \$500,000 for a total of \$2,000,000; a cost of \$100,000 for the Social Credit Board; new taxation totalling about \$800,000, and increased allowances for the members of the Legislature themselves — those were the chief features of the 1938-39 budget which was brought in by the Alberta Government last week and is being debated in the House this week. Close to \$1,000,000 is being tapped off the Province's contribution to unemployment relief. Capital provision for agricultural relief is being decreased by almost \$400,000, but the money is being put to other uses, where it is provided for the education department, which is headed by Premier Aberhart as Minister of Education, is being increased by \$750,000 over last year.

Of the Social Credit Board's \$100,000 appropriation \$11,000 is provided for the daily "subsistence allowances" which Chairman G. L. MacLachlan and the other four Social Credit M.L.A.s pay themselves as members of the board in addition to their indemnities. Another \$15,000 goes for the propaganda pamphlets which the board issues through its "public relations" department, and still another \$15,000 is allotted to "printing, stationery and office supplies." Travelling expenses in the various categories are listed at \$20,000 because under the Social Credit Act members of the board have authority to "visit any part of the world" in search of someone who knows something about Social Credit. And \$6,000 is provided for the salary of one man the board did find who said he knew about Social Credit—L. D. Byrne. The rest of the \$100,000 total is made up in miscellaneous items for the Social Credit Board, the public relations branch and the provincial revenue commission.

Donate Themselves \$200. The members of the Legislature are to donate an extra \$200 to themselves, making a total of \$2,000 for each member each session, providing the budget is adopted. It has, of course, been approved by the Social Credit caucus, and so is expected to ride through the House itself on the Social Credit majority's steamroller.

The phrase "Social Credit" did not appear even once in Provincial Treasurer Solon Low's budget speech. There was the usual reference to the hope for a new economic system, but the budget itself was lacking in anything resembling the theories of Social Credit, or anything else of a non-capitalist nature. The deficit for the year just closing and the estimated \$1,500,000 shortage for the next year do not include the \$5,000,000 in interest which the courts have said is being illegally withheld from holders of Alberta provincial bonds and savings certificates through the act which was ruled ultra vires last year.

Do You Know?

ROY FLEGAL,

of Morningside, who first came to Lacombe as a young lad of eighteen years in 1893? Mr. Flegal was born in Berlin, Germany, on January 12, 1876. When four years of age, his family moved to Ontario, where they resided on a farm for two years. Mr. Flegal, Sr., with his family then removed to Nebraska, where he farmed a half section for some time.

In the spring of 1893 Roy's family again moved, this time to Lacombe. The trip was made in a sleigh pulled by covered wagons, and twenty miles was averaged each day on the eighteen hundred mile trip. The winter of '93, Roy spent working at Klank's saw-mill, seven miles north of where Morningside now stands. The following spring he travelled alone to Lethbridge, where he made the range as an employee of Circle Cattle Co., one of the largest ranches in Alberta at that time. Here he worked for four years before returning to the Lacombe district.

He took up his farm along the east side of the highway, nine miles north of Lacombe, and in 1902 was married to Miss Amy Green, who came to this district from Nova Scotia in 1892. Rev. White, minister of the Presbyterian Church, Lacombe, at that time, officiated at the ceremony. Mrs. and Mr. Flegal have two stalwart sons, Otto and Herbert.

Night Trains Test London Line Faults While City Sleeps

LONDON. — Trains that aren't on the passenger schedules run nightly over hundreds of miles of Britain's railways to insure safety.

Some of them the travelling public rarely sees. Others are puffing past with hardly a hint of their real purpose.

London transport has a new subway train that runs through miles and miles of tunnels all night grinding bumps off rails. Night is the only time it can function because all traffic stopped after midnight for about five hours, and it has a clear field.

Another is the weed killer which sprays chemicals along the right of way in open country to prevent any obstructing growths. During the growing season it spreads 40 gallons of chemical each mile.

The "hogchog" feels its way through tunnels. Iron prongs protrude from the coach. If brick or steel framework of the tunnels moves out of line, the strong strikes it and a bell inside the coach rings a warning.

who reside with their parents on the farm near Lacombe. Roy, along with his two brothers, Paul and Otto, provided the music for the first public dance held in Lacombe at the turn of the century. Roy and Paul played the violin, while Otto played a double bass. Mr. Flegal is well known throughout the entire district and is recognized as a progressive, up-to-date farmer. He has been chairman of the Pleasant Hill Board for the past twenty years, and is an enthusiastic believer in the worth of the Lacombe district as a mixed farming community.

HOW TO BUY TOP QUALITY BEEF!

RED Brand "CHOICE" Quality beef, identified by the red ribbon-like grade stamp.

BLUE Brand "GOOD" Quality beef, identified by the blue ribbon-like grade stamp.

There is a way to buy top-quality beef—to know you are getting exactly what you pay for. It's a sure way... a simple way, too... as explained here, by the Dominion Department of Agriculture. You can buy this high quality beef by grade, with confidence.

Only top-quality beef is graded according to Government standards... and there are but two grades—Red and Blue. Red Brand beef, "Choice" quality, is marked with a red ribbon-like stamp, so that part of this grade mark remains visible on every cut. Blue Brand, "Good" quality, is marked similarly, with a blue ribbon-like stamp. To be sure of top-quality beef, therefore—look for some portion of the red or blue ribbon-like stamp on the cut you buy.

Do not confuse this round purple stamp with the grade mark mentioned above. This is the Government health stamp, which appears on all beef from Government-inspected abattoirs. It does not indicate quality but merely records the beef as being fit for human consumption.

HONEY SHIPMENTS

Canadian beekeepers producing honey in insufficient quantities to maintain shipments over long periods are advised by the Canadian Trade Commissioner in Great Britain not to attempt export business on their own account, but to establish contact with central organizations which are familiar with the market. No shipments should be made on consignment.

Victor McLaglen, noted actor, was once a prize fighter.

Around the Town

Dr. and Mrs. T. C. Michie of Ponoka, were week-end guests of Dr. and Mrs. F. D. Locke.

Those who enjoy Irish dances, songs and music will not want to miss the Big St. Patrick's Dance on Thursday, Mar. 17. Pat says, "Beggars, it will be a great night!" Make your plans now!

On Friday afternoon, March 4, at 4 p.m., Women's Missionary Societies of the different Protestant churches will hold a prayer meeting in the Baptist Church. This is observed worldwide in prayer for Christian missions on the first Friday in Lent.

The regular meeting of the Women's Institute will be held on Saturday, March 5, at the home of Mrs. A. Jenkins. Committee: Mesdames R. Saunders, Newton and C. E. Todd.

The dramatic section of the Young People's League of St. Andrew's United Church under the direction of John Cram will go to Bentley on Friday night of this week to present a one-act play in competition with other Young People's Societies of the Lacombe Presbytery.

Mr. and Mrs. Bob Parks and Mrs. A. Burns spent a few days in Calgary last week.

Horace Seller was in Edmonton last week-end, visiting with his mother, Mrs. C. E. Seller.

Mrs. A. F. Price entertained the members of her bridge club on Monday night.

Among those visiting Edmonton over the week-end were the Misses Jessie Hay, Maxine Fitzpatrick, Nellie Coyle and Irene Smith.

Mrs. J. R. Hahn entertained the members of her bridge club on Tuesday night.

Spruceville

(From Our Own Correspondent)

SPRUCVILLE—Mr. and Mrs. Bob Boden entertained with seven tables of cards last Friday night.

Miss Vardley of Calgary arrived Sunday to take the place of Miss Hall at the Woody Nook school. The children of the school gave a kitchen shower for Miss Hall Monday afternoon.

The regular monthly meeting of the U.F.W.A. was held at the home of Mrs. Braithwaite last week and was very well attended. Some new members joined, and the prospect of a strong farm women's organization in the country is evident.

Mr. and Mrs. Irwin Gottschick spent Saturday in Edmonton and were able to bring back Mrs. Wm. Barker. Everyone is so glad to see Mrs. Barker back; she has been in the Sanitarium in Edmonton for many months.

A few ladies met at the home of Mrs. Gottschick, Jr., to do the work allotted to this district by the Ladies' Hospital Aid.

Mrs. Boulter entertained Mrs. Laura Young, Mr. Johnson and Mr. and Mrs. Darroch to dinner on Sunday.

We are sorry to hear of the sickness in the Henderson family. Roy is on the mend, but Marjorie is still in hospital and Vernon is also sick.

Morris Barnes returned from Olds Friday night, to spend the week-end with his parents.

Mrs. Parker entertained Sunday for Mr. and Mrs. O. S. Young and Mr. and Mrs. Braithwaite.

The young folk in the district have all gone crazy! They have started to prepare a play, "The Crazy Mix-Up," and it surely is crazy, and will provide lots of fun when they present it.

The U.F.W.A. met at the home of Mrs. Dave Boden Tuesday night and the following officers were elected: Dave Boden was re-elected as President and O. S. Young elected as Secretary-Treasurer.

The postponed U.F.A. get-together will be held in the hall on Friday night, March 14. Previous arrangements hold good.

Sport-Scope

By JACK McCAUGHERTY

NOTES FOR YOUR SCRABBOOK

Lou Gehrig, Iron Man of the New York Yankees, has made his debut in motion pictures. Lou appears in a picture called "Rawhide," as a baseball player who retires to live peacefully on a western ranch. However, cattle racketeers and a pretty girl thwart his plans.

On Feb. 13, 1917, at Murray, Utah, Fireman Jim Flynn met and knocked out Jack Dempsey in the first round. A year and a day later, Jack turned the trick on Jim, knocking him out in one round.

Brown & Todd unloaded a carload of Massey-Harris rubber-tired tractors on Tuesday. In a trial spin up Main Street in the afternoon, by Claire Todd, the natives thought at first it was some new equipment purchased by the Fire Brigade.

A Concert will be given by the Lacombe C.G.L.I. Groups in the Blackfries Community Hall, Friday, Mar. 11, at 9 p.m. Admission: Adults 25c, Children 6 to 12, 15c.

Dr. and Mrs. W. T. Hynes and Miss Margaret Masters were guests at the Palliser Hotel in Calgary for a few days last week.

B. S. Cameron will show his moving pictures of local interest at the meeting of the Young People's League next Monday night, Mar. 7, at 8 o'clock in the United Church, instead of at the regular meeting on Sunday night.

Another Bean Supper—same place, same price—Church Hall from 5:30 p.m. to 7:30 p.m. Don't forget the date, Saturday, Mar. 5th.

Mr. and Mrs. F. H. Reed entertained the High School teachers on Monday night at a delightfully arranged dinner party.

Miss Grace McLeod and Miss Kay Hay were Edmonton visitors last week.

Miss E. Gooscey spent last week-end in Red Deer, visiting her father, Mr. J. J. Gooscey.

Mrs. S. T. Halton was hostess on Monday night to the members of her bridge club. Mrs. H. T. Laughlin and Mrs. Gordon McIntyre were the prize winners.

Dance at 'Alix on Thursday, Mar. 10. Music by Jerry Furber and his Back Hawks. A good time is assured.

Victor Wright of Olds was the guest last week-end of Mr. and Mrs. W. H. Clark.

Mrs. Max Frizzell was hostess on Tuesday night to the members of the teachers' bridge club. Three tables were in play.

Mr. and Mrs. M. J. Sawyer returned last Tuesday from an extended visit to California and other Central and Western States of the U.S.A.

Sunny Crest Specs

By SPY

SUNNY CREST.—Saws are humming these days and some folks are wondering if they will get their wood out of the bush before the snow is all gone. Birds have been seen bathing in the water troughs, and yes—some adventurous gophers have been seen out already.

Mrs. Powers, we hear, is down with the flu. Our other folks on the sick list are coming along fine. Mr. Mathews and Theodore Fisher are around again. Harvey Fisher is home from the hospital and Miss Phyllis Kamah is convalescing from her operation, at the home of Mrs. Les Saunders.

Miss Dorothy Cowell has obtained work at the home of Mrs. Will Kinko in Meadowbrook. Friends in this district extend their deepest sympathy to Mr. and Mrs. J. Couper of Meadowbrook, who recently lost their baby boy.

Miss Doris Bradley borrowed Rev. Mathews' best bib and tucker. We wondered what for. Then we heard that Doris acted as the "Minister" in a play in town, put on by the C.E.T. to a crowd of two hundred.

Mrs. Gee and Marion were Sunday visitors with Mrs. Johnston.

Surprise for Miss Carter. The Sunbeams surprised Miss Connie Carter, on the occasion of her birthday, at the home of Mrs. McNeil. Mrs. Dole supervised the delicious supper. Kathleen McNeil found the money in the birthday cake, and Hazel Woods found the safety pin. Someone either swallowed the button or was smart enough to hide it, so no one knew who was to be the "old maid."

Miss Carter was presented with a dainty tea cup and saucer, and also given the "Royal Bumps."

Mr. Mattie had charge of the church service last Sunday. The hymns rendered by the quartet were exceptionally fine. Come and hear them next Sunday.

Mrs. Dole's class of Sunbeams sang "I Shall Not Be Moved" and each member put her contribution into the Mission Box that keeps a "Worker" working on the foreign field.

The men were busy with the grader last Saturday on the road from the Sunny Crest school to the fall Lake Trail.

Westling

(From Our Own Correspondent)

WESTLING.—The annual meeting of the Clive Northside Mutual Telephone Co. was held in the Westling Hall on Thursday, Feb. 24. Those elected were: Russell Mxy, President; J. Tees, Secretary; and W. Johnson, C. Williams and A. Billingshurst, as directors.

The Chateleine Club met at the home of Mrs. Oscar Westling last Wednesday. The ladies turned out well and spent an enjoyable afternoon.

Don Hartle, son of George Hartle, was united in marriage to Miss Florence Pagnieu of Tees recently. The happy couple

will reside in the Westling district. Dave Will sold a carload of fat cattle, billed for Toronto. A large crowd attended the plays in the Westling Hall Friday night and the floor was also packed to capacity for the dance which followed.

The Swedish Ladies' Aid meeting will be held at the home of Mrs. Eric Westling on Mar. 2. Mr. and Mrs. Lee Forcht motored to Red Deer on Friday. We are glad to see Mrs. A. Billingshurst able to be around with us again after being on the sick list.

A card party will be held in the Westling Hall on Saturday night, Mar. 5. Born to Mr. and Mrs. Ernie Westling on Tuesday, Mar. 1, a daughter.

Spring Valley

(From Our Own Correspondent)

SPRING VALLEY. — We are glad to report that our sick folk are improving. Mr. Forrest did not feel so well on Sunday but was better on Monday. Mr. Keith is home from the hospital and Mrs. Waterman is reported much improved in health.

A meeting of the ratepayers in connection with Spring Valley Hall is to be held on Tuesday afternoon of this week.

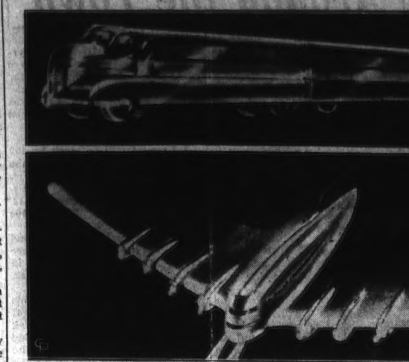

We had quite a good attendance at church on Sunday.

James Hainsworth, who is attending Agricultural College at Oids, visited with his parents, Mr. and Mrs. Robert Hainsworth, over the week-end.

Mrs. Nichol Gray returned on Saturday last from a week's visit with Mr. Gray's relatives at Dauby, west of Edmonton.

Mr. and Mrs. Everett Dooley moved to their own farm in the Central school district on Tuesday last week.

Transportation of Tomorrow as Seen Today

A high-speed truck-train and a faster, more powerful and safer plane, as envisioned by industrial designer Raymond Lowry, are pictured ABOVE. These new depertures in the transportation scheme of the world of to-morrow will be on show in the focal exhibit on transportation at the New York world's fair in 1939. The streamlined truck-train TOP, will replace the motor truck and trailer of today. The eight engine airplane, BOTTOM, will be foolproof, with comfort and safety as the reigning features.

Fact and Fiction . . .

By ART

In this day of dictatorships and threatened dictatorships, it is reassuring to read of the celebrations in the United States and even abroad which attended the recent 125th anniversary of the birth of Abraham Lincoln, the "great emancipator," for it is certain that those who worship Lincoln also have a high regard for their own freedom of speech, thought and action.

Lincoln's fame will endure as long as Time itself, for in him we saw a man who practiced what he preached, regardless of the consequences and without fear or favor.

A few of Lincoln's words, given below, are but a small reminder of the great man who wrote and was guided by them—

"My concern is not whether God be on our side; my great concern is to be on God's side."

"I am nothing, but truth is everything."

"Killing the dog does not cure the bite."

"No man living are more worthy to be trusted than those who toil up from poverty."

"This country, with its institutions, belongs to the people who inhabit it."

"God bless my mother! All I am or hope to be I owe to her."

"Let us have that faith that right makes might; and in that faith let us, to the end, dare to do our duty as we understand it."

"I must stand with anybody that stands right; stand with him while he is right and part with him when he goes wrong."

"My experience and observation have been that those who promise the most do the least."

"God must like common people, or he would not have made so many of them."

RADIO CORNER

by Walter Dales

Woukegan's wonder boy, Jack Benny, breaks records every day. Four years in a row, radio editors have voted his comedy act the tops. Now Mary Livingstone lets Jack's birthday and St. Valentine's Day go by without a poem—and that should establish a record of sorts. Furthermore, Jack has lately been voted one of the ten best dressed men in the United States. Right now, Jack and his gang have a record-breaking number of sets tuned to CICA-wurds, Sundays at 5 p.m.

Congratulations to Ed Bryant, for his radio description of Sir Hubert Wilkins' landing at Edmonton Airport, and his intelligent summing up of the search for the lost Russian flyers.

Bill Cranston, for his skillful interviewing of Sir Hubert and other members of the party.

Radio Question Box ? ?

Question—What is the difference between gramophone records and electric transcriptions?

Answer—Gramophone records are made to be sold to the public. Transcriptions are made for radio only, and are recorded less formally, as though the artists were actually on the air. Transcriptions run at the rate of 33 1/3 revolutions per minute, while records revolve at the rate of 78 turns per minute.

Road Plans Told In Throne Speech

Boosters for hard surfacing of highways in Alberta were given much encouragement by the speech from the throne, read at the opening of the provincial legislature on February 10.

While not disclosing any details of the work proposed for this year, the speech referred to plans to carry out an extensive road improvement program. Such a program would include hard surfacing of many miles of Alberta roads as well as other improvements.

An indication of what Alberta is intending to expend this year was given recently by the Department of Public Works when it asked the Dominion Government to match a \$1,000,000 outlay dollar for dollar, which would mean a \$2,000,000 expenditure on roads this year.

The estimates to be brought down in the legislature within the next few weeks will disclose what the province is prepared to spend itself. While there has been

Blackfalds

(From Our Own Correspondent)

BLACKFALDS. — Miss Elsie Walker came home from Calgary last Tuesday, having completed her nurse's training at the Holy Cross Hospital. However, she expects to return to Calgary shortly.

Miss Frank Reid of Canmore is visiting Rev. Kettyls and family at the parsonage.

Mrs. J. H. Harrow returned home Tuesday from Edmonton, where she has been visiting at the apartments of Mrs. Black.

Saturday was so hot that we saw a big straw hat airing itself on the streets. Pretty warm for an Alberta winter!

The W.W. are to meet at the home of Mrs. Crooker on Thursday next.

George Hoyer, Henry McLennan's hired man, left recently for a short holiday in Quebec. Mr. and Mrs. Martin were in Edmonton last week.

Returns From B.C.
 Mrs. Mae Stephens arrived home from a visit to the Barrons in B.C. on Monday, and reports that Billy Barron and family are doing nicely.

Mrs. Evan Roberts has her mother visiting her.

Mr. Crooker came home over the week-end.

Mike Madden was busy shipping sheep last Saturday.

Frank Warren left on Monday for High River, where he expects to obtain employment.

The Blackfalds Telephone Co.-op. met at the office of Mr. Warren last Friday and re-elected officials, namely: President, Mr. Farewell; directors, Messrs. Edwell and Henry McLennan—the last named also being the linesman, and secretary-treasurer, Mr. Warren.

Rev. Herbert and Rev. Carr both held services here last Sunday, and the last named promises a repetition in Blackfalds shortly of the concert recently produced in Lacombe by the C.G.T. of that town.

The earliest harbinger of Spring to return was Mr. Goodwin, who came back on Sunday and is staying with Lorne Hall.

The warm weather of the past few days has taken away much of our snow, though we feel we have not yet finished with winter.

A dominion appropriation each year for some time, it is not known yet what the federal government will spend in this province during 1938.

Provincial authorities hope to have the first course of hard surfacing completed from the international boundary to Edmonton by the end of 1938.

SCOTT'S SCRAP BOOK

By R.J. SCOTT

Clive

(From Our Own Correspondent)

CLIVE.—Mrs. W. H. Ditts and son Gilbert motored to Edmonton on Tuesday.

Mr. and Mrs. A. Heald and family spent Sunday at the home of their daughter and son-in-law, Mr. and Mrs. Guy Stansfield, north of Tees.

Bert Kingston of the filling station south of Clive is driving a new light delivery truck.

On Friday evening the High School pupils and their teachers held a party and dance in the I.O.O.F. Hall. About forty attended, all reporting a jolly time.

Church Board Meets
 The United Church official board of the Clive circuit met at the church on Friday of last week. The annual business of the church was attended to. The following appointments were represented: Jones Valley, Spring Valley, Tees, Nebraska and Seventeen were present. After the meeting, lunch was served at the parsonage by Mrs. Kettyls.

Women's Christian Temperance Union meeting was held at the home of Mrs. R. N. Longstreet on Thursday afternoon, with 16 ladies present. The annual report was given by the treasurer, Mrs. T. A. Breton. Those taking part in the program were Mrs. A. C. Johnstone, Miss N. Heald, Mrs. L. E. Bull, Mrs. H. Hilsabeck and Mrs. J. Tees. Lunch was served by the hostess. The next meeting will be held at the home of Mrs. A. Anderson.

Visitor From Canmore
 Miss Frank Reid of Canmore is visiting Rev. Kettyls and family at the parsonage.

Mrs. J. H. Harrow returned home Tuesday from Edmonton, where she has been visiting at the apartments of Mrs. Black.

Saturday was so hot that we saw a big straw hat airing itself on the streets. Pretty warm for an Alberta winter!

"I'm a self-made man."
 "You're lucky. I'm the revised work of a wife and three daughters."

BANK OF MONTREAL

ESTABLISHED 1817

Modern, Experienced Banking Service . . . the Outcome of 120 Years' Successful Operation

CANADA'S CHARTERED BANKS VALUE YOUR GOODWILL

WHETHER you deal with a bank or whether you don't, some time soon—say the very next time you are passing the bank's door—why not drop in and get acquainted? You're sure of a welcome, because the bank manager wants to know you. So find out for yourself what kind of fellow he is. And before you leave, take a good look at his staff.

The head offices are manned and managed by just that sort of man! Every general manager in Canada started in the banking business as a junior in some small branch, and rose from the ranks.

This is your introduction to a series of chats in the course of which you will be surprised at how little of mystery and how much of service there is in the business of banking in Canada.

Canada's chartered banks want your goodwill.

It is only by goodwill that banks make a living—and bankers are your fellow-citizens, the same sort of people as you are.

Of course bankers have heard all the old, threadbare jokes about the banker's glass eye, his delight in humiliating worthy souls who ask for loans—even that good old chestnut about leading the undertaker when the sun is shining and taking it back when it rains.

So if you think you have a new joke, drop in and spring it on your local bank manager—he'll appreciate it. And if it turns out he's heard it before, he'll still have his sense of humor handy enough to get a chuckle, should you chance to tell him that the banks are being held responsible for the latest storm, or for the loss of the hockey game, or for his own neglect to summon prosperity from just around the corner.

Which should prove to you that your banker is, after all, a very human person. He likes people. All bankers like people. And they want people to like them.

Banks want to be helpful. They realize that to be successful only as the people of the community succeed. Enlightened self-interest? Well yes—but not altogether.

Your local manager will tell you that banks are not stiff-necked; that they do not enjoy refusing loans.

They'd be foolish if they did, for goodwill is the whole core and pith and substance of successful banking.

THE CHARTERED BANKS OF CANADA

Your local branch bank manager will be glad to talk banking with you. He will be glad to answer your questions, from the standpoint of his own experience. The next article in this series will appear in this newspaper. Watch for it.

Toes Tattle Tales

By TATTLER

TEES.—Tommy Pethybridge returned from the University at Edmonton after spending the last three weeks in hospital, to recuperate from scarlet fever and replace some of the lost poundage, before returning to his studies.

Bill Ferguson is back from the Lacombe Hospital. They sure give people the quick cure there. F. E. Hoffman has been very unwell for several weeks. Although up and around part of the time, Mr. Hoffman has not really been well since his holiday visit to Washington State during the early part of the winter.

As no mumps had appeared for some time, it was thought that the quidnuncs had won, but what do you know—a couple of married ladies, a couple of single ones and a little girl broke out with thick jaws Sunday morning and Monday saw a couple of the swains suffering the same ailment. Oh well, there are not many more to be troubled with it, and we have the consolation that very few are troubled with the ailment twice during life.

The bassinet story has been explained to the service. As it now stands, the ladies around town (that is those without the mumps) met at the home of Mrs. Nelles on Wednesday last and filled the bassinet with baby clothes and other little knick-knacks. After that was completed and the usual chin exercise, the ladies landed up the whole caboodle, made a surprise visit to a local family and presented the timely gift to an expectant mother.

Left in the Lurch
Boys have often been left in the lurch by young ladies deciding to return home from a dance with someone else, but the tide was turned last Friday, when a party of seven in the lurch danced some distance away. Four boys and three young ladies were in the party. Although the driver was good enough to take the girls, he received a cold shoulder there and promptly gathered up the boys before the end of the dance and came home, leaving the girls stranded. The girls got home alright with someone else but they're still a little hot under the collar. The boys have been highly commended for their action. The morale of the case: "You can fool some of the people all of the time, and you can fool all of the people some of the time, but you can't fool all of the people all of the time."

Two carloads of hockey fans motored to Red Deer to see that town go down to defeat at the hands of the Canmore Brigantes. This party included Miss Putnam, Miss Gohberg and Miss Cunningham. Just in case anyone wished to figure who the girls of dance fame are, they need not think of the three mentioned.

Roads Are Bad
The sudden thaw of the past week next to ruined the roads for hauling straw and grain, therefore business is at almost a standstill.

Mr. Holsworth and family expect to move into the Ahern house shortly. Their present accommodation is a little small for the growing family. The spacious size of the Ahern property will allow the children to expand their lungs without danger of bursting a window, in addition to having a nice playground on the lawn.

Mr. and Mrs. Jack Davies visited their daughter in Edmonton over the week-end. Bruce McMillan, M.L.A., returned from Edmonton suffering from a severe cold but expects to finish out the present session of the Legislature.

Another Wedding
Another young lady, in the person of Miss Flo Papineau, jumped into double harness recently and is now Mrs. Hartley. After having the pleasure of

ONLY 254 PER CENT YIELDED BY OIL INDUSTRY

Although the net earnings of the petroleum industry in 1936 showed a gain over 1935, the return on invested capital stood at only 254 per cent, according to the American Petroleum Institute.

Earnings of the industry as a whole have not exceeded five per cent in any year since 1921, and for three out of the past six years the industry accumulated deficits.

For the 16 years from 1921 to 1936 average annual earnings were only 1.43 per cent of the invested capital. Although the industry expanded, increased competition, low prices, rapid obsolescence of equipment, and mounting taxes have tended to keep earnings at a low level.

For this 16-year period the average capital investment was \$10,776,326,000; average earnings \$154,536,580; average return, 1.43 per cent.

The Churches

ST. ANDREW'S UNITED CHURCH
Minister: Rev. A. L. Carr
Organist and Choir Leader: Mrs. R. Warren

Sunday, March 5—11:00 a.m.—Sunday School and Adult Bible Class. 12:30 p.m.—Leadership Training Class. Leader: Miss Jessie Hay.

7:30 p.m.—Preaching Service.

CHRISTIAN SCIENCE

At all Christian Science churches next Sunday, the subject of the Lesson-Sermon will be "Man."

The following is one of the Scriptural quotations contained in the Lesson-Sermon: "For in him we live, and move, and have our being; as certain also of your own poets have said, For me are also his offspring (Acts 17:28). One of the correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, is as follows (page 250): "In divine Science, man is the true image of God."

seeing practically all her pupils absent with the mumps from time to time, and herself suffering during the severest part of the epidemic, Miss Putnam has now accepted the fad of "mumping" set by the Principals earlier in the year.

Miss Putnam has moved from her hatching quarters to the isolation ward in the Cunningham hospital, for better care.

Before going to press a report has just filtered in that in the neighborhood of twelve more cases of mumps are evident, including Miss Mary Heller and seven of Glenn Marshall's family.

Mirror

(From Our Own Correspondent)

MIRROR.—The United Church here held the Three Hills Presbytery convention, with seven ministers and four delegates present, on Thursday, Feb. 24. On Thursday evening the ladies of the church catered for a banquet held in the parlour. Later that evening the Rev. T. Powell, the Superintendent for Home Missions in Northern Alberta, addressed a large congregation in the church, choosing for his topic, "John Wesley."

Mrs. J. Blewett entertained the members of the Book Club in the rectory Thursday evening, Feb. 24. Miss F. Evenson gave a very interesting review of the current book, "The City of Wells." Later the hostess served a delightful lunch.

At the recent school election held here N. J. Devereaux defeated S. Bellamy.

Baton Rouge is the capital of the State of Louisiana.

Bentley

(From Our Own Correspondent)

BENTLEY.—On Tuesday, Feb. 22, the Bentley Juveniles defeated the Rimby Juveniles in a fast game of hockey played on Bentley ice, the score being 2-1.

W. R. Woolgar and Florence were Edmonton visitors for several days last week.

Mr. and Mrs. Clarence Herriott spent the week-end in Edmonton, visiting relatives.

Miss Marjorie Wiese of Lockhart visited relatives in Bentley last week.

Big Hay Shipment

What is believed a record for Bentley took place last week, when 15 carloads of baled straw were shipped out of here to be sent to the drought areas in Southern Alberta.

The Young People's groups of the United Church of the Lacombe Presbytery are planning on presenting a program of short plays at the Bentley Hall on Friday, March 4.

Mrs. John Rae left on Sunday for Rolla, B.C., where she was called on account of the serious illness of her mother, Mrs. Kerr. Two sisters, Mrs. McCready and Mrs. Stoll, both of Edmonton, will accompany her.

The dance held in the Bentley Community Hall on Friday, Feb. 25, under the auspices of the Bentley Hockey Club, was a decided success. Everyone present reported a very enjoyable time. Floyd Nelson, an holder of the lucky ticket, won the club bag given away.

New Arrivals

Recent births at the Bentley hospital were: On Feb. 21 to Mr. and Mrs. A. Shultz of Ivemora, a son. On Wednesday, Feb. 23, to Mr. and Mrs. D. MacRae of Lacombe, a daughter.

Lincoln

(From Our Own Correspondent)
LINCOLN.—Congratulations are heard in this district for our new councillor, J. S. Ross.

Remember the dance, Mar. 11. Everybody welcome.

Mr. and Mrs. Les Saunders were visitors on Sunday last with Mr. and Mrs. A. Cartwright.

Russell Unwin is starting his sawmill on the Kirk Dix farm this week.

Mr. and Mrs. Era Crocker were visitors in Edmonton over the week.

Mr. and Mrs. W. Miller and Walter were Edmonton visitors last week.

Ships Clock Won 1714 Prize

LONDON.—At Greenwich (England) Observatory is a ship's chronometer, still in working order, which won in 1714 a prize of £20,000 offered by the British Government for any instrument which should prove itself capable of determining a ship's position at sea after six weeks' voyage.

In those early 18th century days, no one ever expected a clock to keep accurate time on the high seas, for a pendulum operated timepiece stopped every moment or two owing to the ship's motion; and other clocks were not accurate enough, even on land, to fulfill the conditions laid down by the Government.

One of these conditions limited the maximum error—fast or slow—to three seconds per day! The winning time-piece, however, did not become popular on account of its high cost and intricacy. A duplicate, made to special order, cost £450.

Follow Same Lines
Not for another 50 years did an improved type of time-piece appear, and all modern chronometers follow closely the same general lines. Today the captain's much-prized time-piece resembles a "high-grade watch" but rather larger in size. It is mounted in special bearings which keep the mechanism always horizontal irrespective of the ship's movements. A special type of escapement mechanism is used, along with the grooved conical "watch" or "fusee" to compensate for the slight differences in the main-spring tension.

A chronometer, such as is used on Atlantic liners, operates with amazing accuracy, and often keeps within a maximum error of one second per 24 hours for six months on end, despite wide variations in temperature and the roughest of weather at sea.

The bottom of Lake Superior, which is 1100 feet below the surface in some places, is 578 feet below sea level.

Dr. W. A. Henry At Men's Club

(Continued From Page One)
early discoverer, such as the pasteurization of milk.

Revolutionized Medicine
"Pasteur revolutionized all medicine," said the speaker. "He died in 1895, a date within the memory of some of you. Pasteur was a French chemist, and not a physician. He first studied fermentation, especially in wine and found it was due to the activity of yeast, which he said was a living thing, just as you are. The yeast eats the sugar just as you eat your food, and throws out as waste the alcohol and carbonic acid, just as your body throws off waste."

"Pasteur had to fight the spontaneous generation theory, that is, do all living things come from seed or eggs, in which life already exists, or can life be created out of non-living matter? His famous experiment of taking two flasks, boiling them thoroughly, sealing the one and leaving one exposed, demonstrated the fallacy of spontaneous generation, and was the first step towards what we now know as sterilization, and incidentally, gave rise to the term pasteurizing, which just means heating to a point to destroy life, but not the fluid which is being treated."

Dr. Henry also dealt briefly with the question of cancer research. Cancer, he said, was still a baffling problem, despite the great efforts of scientists the world over to discover a cure. He said that more would have to be learned of the causes of cancer before cures could be perfected, and that so far, radium treatment had been the most successful in allaying its ravages.

THE SCOUT CODE

Fred, aged nine, had just become a Boy Scout, and it was obvious that the taking of the oath had made a deep impression on him. After relating to his parents all he had been through, he added:

"And so there'll be no need to lock up the jamon cheese an' the ginger biscuits now!"
His father, seeing what an impression had been made, thought this a suitable moment to hint that now, being a Boy Scout and having the company of other boys, Fred would try to be a man and not keep wanting to trail after his mother everywhere she went.

The hint was countered with a surprised stare.
"Well," said Fred, "if I'm too old to go with mother, what about you?"

CORRECTION
In the account of Mrs. W. H. Hunt's funeral which appeared in last week's issue, the name of W. F. Puffer was omitted in the list of pallbearers.

Jack Dempsey was born in Manassas, Colorado.

a baffling problem, despite the great efforts of scientists the world over to discover a cure. He said that more would have to be learned of the causes of cancer before cures could be perfected, and that so far, radium treatment had been the most successful in allaying its ravages.
